

Boingles and Wiggywams with **Cubeez**®

Checkerboard
to cut out

Player pieces: Cut out the squares below

This game is very easy to make and fun for you and your friends to play. Cut out the board above and glue onto card for a player grid. Then cut out the Boingles and Wiggywams, each player should have 5 matching pieces at the start of the game.

Take turns placing your cards down in the spaces on the board. The first person to get a straight line of Boingles or Wiggywams wins the game. Of course it's against the rules to place your card on top of your friend's card!
Let's have a fun time!
